

FIESTA FEATURES FUN AND FROLIC

Makings Of Some Lively Evenings On Legion's Exposition Lot

Big Event Is Auto Show

Newest Things in Cars Stand in Gleaming Rows

The outstanding display feature of the American Legion Fiesta is of course the automobile show. Cars in all price classes are shown, and the latest developments, both in automobiles and accessories, are on display.

A trip or two trips or three trips through the automobile section will be both a liberal education and an occasion of absorbing interest to the man or woman who is interested in motoring—and who under this Twentieth Century sun is not?—regardless of whether a purchase of a new car is contemplated now or in the near future. Every motorist, no matter whether he buys a car every year or every ten years, wants to keep himself informed on the latest strides of motordom—and of late the automobile lusty has been wearing ren league boots.

Never before have the automobile manufacturers, as an entire class, given so much attention to both beauty and outstanding performance. The serried rows

Cameo Four

SATURDAY
"Three Joys"—Men's Trio
Kitty Moran—Singing and Dancing

FRIDAY

Brilliant Acts On Stage

Scintillating Group of Stars Booked for Five Nights

Stars of the stage, the screen, the clubs and radio land nightly will pass in scintillating review across the big platform in the main tent of the Legion Fiesta. Petite and charming dancers, snappy musicians, clever juveniles, mirth provoking clowns—all will be there to produce a medley of thrills and wholesome entertainment.

"The Three Joys," noted for radio, club and vaudeville work, share the stage tonight with "Bob" Harker, "Banjomaniac." The "Joys" produce harmony that is harmony, and "Bob" is heard regularly from radio stations KMTR and KMIC. He is conceded one of the best banjo soloists in the west.

Other musical features on the five-day stage program are Ted and Jack Dale, piano, xylophone and whistling artists in "Harmonology," Hoot Gibson's Hawaiian Trio, who work with the film star in pictures and do radio and club work; the Premiere Sax-O-Six, a clever saxophone sextette, whose wailing instruments have found much favor in the clubs, and Kitty Moran, singer and dancer of musical comedy fame. She

Hot Diggitty Dog!

EVALYN NAIR

"Five-Foot Two, Eyes of Blue," She's a "Black Bottom" Dancer Extraordinary. Recently in "Peggy Ann" at the Music Box, 107 Pounds of Rhythmic Motion, Evalyn Will Grace the Fiesta Stage Wednesday Night.

HUGE TENT TEEMING WITH ENTERTAINMENT TO SUIT ALL TASTES

Fiesta Grounds Are Overflowing With Fun Devices, Stage Attractions, Auto Displays and Special Features

Features of the American Legion Fiesta and Automobile Show cover a wide range. The long ranks of shining cars will be the featured display attraction, and the annual Fiesta has come to mean to the people of the community an exposition of all that is latest and most up-to-date in the automobile world. This year the big tent at Western and Border avenues houses the finest auto show that the community ever has been given an opportunity to see.

The Fiesta and Auto Show managers have gone to great lengths and have spared no pains or expense to make this year's Fiesta the greatest the community has seen, both as to displays and entertainment, and a glance under the "big top" and across the Fiesta grounds indicates that they have succeeded.

The motorists of the community, and in this day and age all communities are made up predominately of motorists, will flock to the Auto Show to see and discuss the latest things on wheels.

The managers have taken care that visitors to the show shall not want for other entertainment also. The purely entertaining features cover a wide range of clean and wholesome fun. From

that delight of childhood, the merry-go-round, they ascend the scale through the riotous clamor of the multifarious midway attractions to the big platform in the main Auto Show tent, where good music and stage attractions vying with the best to be found in first class theatres will be offered. Great care has been exercised in choosing both the stage features and the midway attractions. No concession of objectionable character or stage attraction of doubtful taste has been allowed to creep in.

The Fiesta and Automobile Show, scheduled for its grand opening today, will continue for five days, closing

Chevrolet Service as Individual And Painstaking as the Advice of Your Family Physician

There is a distinct advantage of buying your Chevrolet from a man you know personally; such as, Jack Hanson at the Torrance Motor Company or his associate dealers, W. A. King at Lomita and Walter Heine at Gardena.

"We are never satisfied until you are," is the policy of this group of Chevrolet dealers, "and we are right here handy in your home town so you can come in any-

time and talk matters over if there is anything you don't understand."

There is as much difference between the PERSONAL SERVICE rendered by these "home town" dealers and the red tape service of the big metropolitan organizations, as there is between the individual advice of your family doctor and the "general remedies" of a medical book.

Torrance Motor Company

Authorized Chevrolet Dealers for Torrance, Gardena, Lomita and Moneta
